§ 1.56 Duty of disclosure; fraud; striking or rejection of applications.

(a) A duty of candor and good faith toward the Patent and Trademark Office rests on the inventor, on each attorney or agent who prepares or prosecutes the application and on every other individual who is substantively involved in the preparation or prosecution of the application and who is associated with the inventor, with the assignee or with anyone to whom there is an obligation to assign the application. All such invididuals have a duty to disclose to the Office information they are aware of which is material to the examination of the application. Such information is material where there is substantial likelihood that a reasonable examiner would consider it important in deciding whether to allow the application to issue as a patent. The duty is commensurate with the degree of involvement in the preparation or prosecution of the application.

UNITED STATES CODE TITLE 35—PATENTS

§ 102. Conditions for patentability; novelty and loss or right to

A person shall be entitled to a patent unless-

- A person shall be entitled to a patent unless—

 (a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for patent, or

 (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of the application for patent in the United States, or

 (c) he has abandoned the invention, or

 (d) the invention was first patented or caused to be patented or
- (c) he has abandoned the invention, or
 (d) the invention was first patented or caused to be patented, or
 was the subject of an inventor's certificate, by the applicant or his
 legal representatives or assigns in a foreign country prior to the date
 of the application for patent in this country on an application for patent or inventor's certificate filed more than twelve months before
 the filing of the application in the United States, or
 (e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has folfilled the requirements of
 paragraphs (1), (2), and (4) of section 371(c) of this title before the
 invention thereof by the applicant for patent, or
 (f) he did not himself invent the subject matter sought to be
 patented, or
- patented, or

 (g) before the applicant's invention thereof the invention was made in this country by another who had not abandoned, suppressed, or concealed it. In determining priority of invention there shall be considered not only the respective dates of conception and reduction to practice of the invention, but also the reasonable diligence of one who was first to conceive and last to reduce to practice, from a time prior to conception by the other (Amended July 28, 1972. Public Law 92—338, sec. 2.85 Stat. 501; November 14, 1975, Public Law 94—11, ec. 5. 89 State. 691.) 94-131, sec. 5, 89 State. 691.)
